**Coincheck to Become a Subsidiary of a NASDAQ-listed Company
through Merger with Thunder Bridge Capital Partners IV
Positioned for further growth through global expansion, enabled by
becoming a subsidiary of a new international holding company**

Coincheck, Inc. (“Coincheck”) is pleased to announce that Coincheck Group B.V. (“CCG”), a wholly owned subsidiary of Monex Group, Inc. (“Monex Group”), and Thunder Bridge Capital Partners IV, Inc. (“Thunder Bridge IV”), a NASDAQ-listed special purpose acquisition company (“SPAC”), have signed a business combination agreement today through which CCG will become a publicly-traded company on NASDAQ (the “Transaction”). With an internal group reorganization, Coincheck will become a wholly owned subsidiary of the CCG holding company, which will list on NASDAQ within 2022 (scheduled) under the ticker symbol CNCK. CCG will continue to be a majority-owned subsidiary of Monex Group, and the role of CCG and Coincheck in the growth strategy of Monex Group is not expected to change.

For further details, please refer to the Monex Group press release on March 22, 2022, “Coincheck Group B.V. to become public on the Nasdaq through a De-SPAC with Thunder Bridge Capital Partners IV, Inc.”

Coincheck was established in 2012 and launched its crypto asset exchange business in 2014. From the start, Coincheck’s crypto asset trading service “Coincheck” was widely embraced, particularly by the younger generations, for its easy-to-use interface that made trading accessible even for beginners. The service grew rapidly with the expansion of the overall crypto market and increasing interest in crypto in Japan. In April 2018, Coincheck was acquired by Monex Group, and following significant investments in governance, internal controls, and security, it registered as a crypto asset exchange service provider in Japan. Since then, Coincheck has greatly expanded its cryptocurrency offerings, including launching Coincheck NFT (B version) and Coincheck IEO.

The business areas Coincheck is advancing are rapidly growing and becoming widely accepted in society. Over the past several years, NFTs (Non-Fungible Tokens), stable coins, central bank digital currencies, security tokens and other blockchain digital assets have been introduced, and new application services, such as DeFi (Decentralized Finance) and GameFi (Game Finance), have emerged. Amidst this environment, the Transaction will allow Coincheck to further reinforce its leadership position in Japan by acquiring new customers, expanding product offerings, and continuing to invest in security and infrastructure. In addition, CCG will expand its business globally, develop new businesses in Japan and overseas, and accelerate investments into new technologies that will enable it to serve as a gateway to the digital asset economy.

Coincheck will continue its mission to facilitate the exchange of new values with innovative services unbound by the traditional financial services system.
